

# VISCHER Data Protection Compliance Tools.

We are happy to support you on your data protection matters with a variety of materials and tools

- **IGDTA** – our best-seller contract for governing **intra-group data transfers**, with country amendments for over a dozen foreign jurisdictions (growing), used by many international groups from 3 to 400 entities
- **Policies** for data protection compliance, handling of data breaches, record retention, etc.
- **Templates** for Data Processing Agreements (DPA) with/without EU SCC, Joint Controller Agreements, ROPA (including multi-company ROPA), for documenting data breaches, DPIA, data subject requests, compliance checks and legitimate interest analysis (LIA), DPA reviews, privacy notices, consent
- **Transfer Impact Assessments** (TIA), Local Law Assessments (with our global local counsel network)
- **Webinars** for Data Protection Coordinators (DPC), private lessons for privacy professionals (2023: training for employees)
- **DPC Handbook**: A manual for DPC with step-by-step instructions on how to comply with the GDPR, with many resources and updates; documents "accountability"
- Handling and support of **local DPC** including data protection compliance "health checks"
- **Coaching/support** in day-to-day GDPR/DPA topics (contracts, data subject requests, new projects, etc.) and **emergency situations** (data breaches, regulatory intervention)
- Compliance **projects** (deletion concepts, DPA reviews, IGDTA implementation, etc.)
